

WE, THE UNDERSIGNED, HEREBY PETITION the Honorable Kirk Caldwell, Mayor of the City and County of Honolulu, not shut down Honolulu bars.

WE STATE

- 1) That the petitioners are residents of the City & County of Honolulu.
- 2) Closure of all bars, industrywide, regardless of compliance is an overcorrection.
- 3) Corrective measures should be on a case by case basis.
- 4) The number of positive cases in Hawaii is small enough whereby contact tracing and enforcement should be used to mitigate the surge.
- 5) The state already has the tools and ability to take a surgical approach to the problem.
- 6) Bar owners have already suffered financially and continue to struggle.
- 7) Violators should face consequences, but please do not punish those establishments and owners who have been complying.
